[Editor's note: The following information is part of a study done by David Kelley between 1999 and 2001. It includes details about graves that were relocated during the construction of Narrows Dam and the Greeson Reservoir.]

An interview with Mary Lou Mauldin on May 9, 1999 regarding:

NARROWS DAM - LAKE GREESON

I was employed by the Corps of Engineers from 1947 until 1950. I worked in the Real Estate Project Office, Vicksburg District but the project office was located at Murfreesboro, Ark. This was for the acquisition of land for the flood control project on the Little Missouri River and for the construction of Narrows Dam which flooded "Lake Greeson". Here are some of my recollections while I was employed by the COE when they built Lake Greeson. I worked

on this project from 1947 to 1949.

This [the dam] was built by the Corps of Engineers out of the Vicksburg Mississippi District, which Flooded Lake Greeson. The land acquisition and actual building of the dam occurred from 1947 to 1950. The Vicksburg District office was located at Murfreesboro, Ark on the town square in an upstairs office. The building had a hardware store below and was known as the Carrol Bldg. The construction offices were located at the site for the dam at a Narrow spot in the Little Missouri River known locally as "The Narrows", hence the name of the dam became Narrows Dam. The lake itself was named for an old gentleman named Mr. Greeson - I can't remember his first name. Mr. Greeson had a long standing dream of seeing the river dammed and a lake created - I don't remember his position in the community, but

he must have lobbied a lot to make this become a reality. He was getting up in years before the dam was completed -and I don't remember if he lived to see the actual flooding of the lake. A great portion of the land that was purchased for the lake was owned by Dierks Lumber Company. The rest was owned by small landowners.

I remember that after the appraisals were made, and the legal work completed for a large portion of Dierks land, the check made out to Dierks Lumber came to our office - to my immediate supervisor, Mr. Nelson Sadler, the Closing Attorney. It was for \$80,000 and we all thought that was the most money in the world, Mr. Sadler handed it to me and asked me to put it in the Dierks folder until it could be delivered. I was guarding it so carefully that I wouldn't go to lunch that day until he returned. He laughed and said that it wasn't likely that anyone could cash that check - especially in a little town of approximately 800 people.

The purchase of the land from the small landowners was particularly interesting and sad. Many of these old folks had lived on their small farms and acreage all their lives. They were very reluctant to give up their old homesteads but would either accept the appraisers offer and move, or hold out - however, in that event, the property would be condemned and would have to be resolved in Court. Not many cases went into condemnation - but all had to be settled before the lake could be flooded.

One interesting thing I did as the Steno for the Closing attorney was to go into the "field" as we called it to visit some older folks who couldn't get to town to sign the papers. I remember one particular time when I accompanied Mr. Sadler to the field - as I always did when the paperwork had to be completed - with a small portable typewriter, and sitting on a log or stump with the typewriter in my lap. After one older couple signed, they made the remark "Goodbye old Home". As we were returning home I told Mr. Sadler that I thought that was so sad ...

he answered that it was, but that they had received a fair price for their land and it was necessary to buy it if the lake was to be built.

Another interesting thing I remember was the discovery of an old cemetery that was to be in the flooded area. The attorney for this was Mr. Raymond Higgins out of our office. He had a long job of trying to find markers, records, or anything to identify all graves possible. He was also to notify all living relatives. They could have a choice of having their own minister present or an appointed one. Then a very careful removal by regulations was done. The relatives would give the location for another site after the graves were opened. Since the graves were so very old, some relatives could not be located and a minister was present for all cases. I asked Mr. Higgins what he saw and he said "a little soil change and a few Civil War Buttons and Medals." I don't know what happened to the artifacts or where the small tins that had a small soil sample were relocated ...

After Lake Greeson was completed our office moved to Hot Springs to begin land acquisition for Lake Ouachita. This was late 1949 and 1950.

J.O.A Bush, circuit and ex-officio county clerk, Murfreesboro, Ark ... owes his nativity to White Township, of this county, his birth occurring on December 1, 1854, and is the fifth of ten children born to the union of James R. and Amanda (Reeves) Bush, the father a native of Kentucky, and the mother of South Carolina. The father was reared in his native State, came to Arkansas in 1849, settled in White Township, Pike County, and there entered and bought about a section of land. He made this place his home, and placed considerable improvement on the same. He was a prominent member of the Methodist Protestant Church, and also took a prominent part in the politics of the county, In political preferment he was, during the existence of that party, a Whig, and upon the dissolution of that, became a Republican, being in favor of the Union during the Civil War. He remained at home during that time, and supported both sides, with the result of his farm produce, without prejudice. In 1868 he was elected to the Lower House in the General Assembly, by the Republican party, from this county. During his residence in Pike County he was sincere and outspoken in the advocacy of any views that he had adopted, and was all times respected by his neighbors for his honesty. He died November

12, 1882. The mother is still living on the old homestead. She removed to Tennessee with her parents with her parents, at an early day, and while making the trip the family was robbed by John A. Murrell. On the father's side an uncle, Smith Barlow, served as State Senator from Barren County, Ky., for thirty years, and died in that State about 1881 ...

I'm trying to find an obituary from 1941 for Ella E. (Carrell) Holcombe, my great-aunt, who lived with a son, Perry Holcombe, at Glenwood for a few years before her death. She died in 1941 and is buried at Bethel Cemetery near Umpire. Perry died 11 December 1984. I thought perhaps there might be some information in the Glenwood Herald. Please let me know if you can look these up for me and what the charge would be for that, and for copies.

A family member settled and is buried in Pike County. Here is what I have and I ask for ANYTHING you might be able to tell me. If I can uncover some information, I am hoping it might even lead to a descendant that might help fill in some of the gaps. This one is interesting to me because BOTH the husband and the wife are related to me.

Greenberry Wood was born on July 17, 1851 (Probably in Izard County, but not sure) He died on August 11, 1920 in the state of Washington. (I have no idea why.) He is buried in the Delight Cemetery, Pike County, AR. Greenberry was a brother to my great grandmother.

His wife was a half sister to my great grandfather, but the information on her is scarcer.

America M. Thompson was born May 7, 1858, possibly in Alabama, but no one knows for sure, unless I can find some descendants. I

have no date or place of death for her. But since Greenberry (He was called Cub or Bud) was buried in Pike County, we thought perhaps they had settled there. So, maybe America died and is buried there too. Does any of this make sense?

I know they married in IZARD County on January 25, 1874.

I know they had at least two children, but probably more. I just have not been able to find out. The two that I do know about were Jim Riley Wood and Dixie Wood. No dates and names, or marriage information on them.

So, I question is: Do you have **ANY** information that you can share about **Greenberry** (G.B. or Cub or Bud) **Wood** and his wife **America**?

Thank you so much for your help.

I am searching for the date of death and burial location of William H. Reed (born 1844) who died in Pike Co., AR after 1920. He had been living in Pike County since at least 1893. He married a Mrs. Mary Hoover about 1892. His first wife, Emily, may have died in Pike County as well. Known children of William H. Reed are: Mary-1866; George W.-1867; Lucy - 1869; Monroe- 1872; James H. - 1877; Samuel N. - 1893; and Birdie - 1899. Any help will be appreciated.

I have a Seaborn Lisbon Jones b. ca 1797 in SC. He married Catherine Long 1820 in probably Bedford Co TN; source is Joseph Long bible - father of Catherine Long. The first child was Tacey b. ca 1821. I have been trying to find the parents of Seaborn Lisbon Jones for 20 years. I have always been intrigued by the abundance of same given names in the Charles Jones line. Added to that is the same geography - SC, Bedford Co

TN. Here are the children of Seaborn and Catherine:

Children of Seaborn Lisbon Jones (b. SC 1797) and Catherine Long (b.1803 VA or TN); married 1820 Bedford TN: Tacey - b. Abt. 1820 Bedford Co TN; married Shadrack J. Moore; Tacey lived in Polk Co AR and buried Paoli OK William L. - b. 1822 - TN Amos Dickens - b. 1827 TN - my gg-grandfather. Joseph F. - abt 1825 TN; Nancy - b. abt. 1830 TN; Wiley - b. abt. 1832 TN (birth date could be as much as 10 years earlier.) Rebecca - b. 1833 Talladega AL; Married John Wesley Goodwin, buried Polk Co AR Margaret - b. 1835 Talladega AL Seaborn Wesley - b. 1839 - Talladega AL Jasper Newton - b. abt. 1842 Talladega AL Rosanna C. - b. 1846 Talladega AL

I figure the father of Seaborn Lisbon Jones could have been a brother to the father of your Charles Jones. Any ideas? I understand the book *Corinth Revisited* provided a lot of the data that Charles Jones researchers use. Is the author still around and is anyone working on expanding his family?

I would appreciate some discussion with a Charles Jones researcher who has access to written data and has worked on the line for a while.

Ahira B. Sorrels, born August 16, 1839, is mentioned in the Samuel J. Sorrels Bible record on the PCAHS Online Records Library. Here's what little I know about Ahira Sorrels, from the cemetery and Internet research:

Born: 16 Aug. 1839 (Fort Smith, Sebastian County, Ark.)

Married: 16 Aug. 1858 (Melvina Parker, at Phoenix, Maricopa County, Ariz.)

Died: 6 Dec. 1907 (Harshaw, Santa Cruz County, Ariz.)

Parents: Samuel Jefferson Sorrels and Elizabeth 'Eliza' Butler

Children w/ Melvina:

- Freddie Lee: (Born 14 Feb 1880 in Ariz. Died 5 June 1885. Buried: Harshaw cemetery)

- Roy Sorrells
- Laura Sorrells
- Bert Sorrells (May have lived in Harshaw, Arizona and raised a family there)
- Eleanor Sorrells
- Elizabeth Sorrells
- John Raymond Sorrells

Since Ahira moved to California at 17, then to Phoenix, and then to a mining boomtown in Southern Arizona, I suspect he was a mining company administrator. Given the town's diverse economy, though, he could just as well have been an underground mine worker, shopkeeper or saloon owner. Did he come from a wealthy family? When he moved to California, did he go alone, or with his parents/brothers? What happened to his wife, Melvina, after he died? What illness/injury did he die of in Harshaw? What was his profession in Arizona? (Cattleman? Miner?) What was his father's profession in Arkansas? What did he look like (from family photos, for example?)

Additionally, there is a cemetery in a ghost town in Southern Arizona that contains three headstones for a Sorrels family. All three headstones are made of black stone (marble?) and are quite ornate -- amazingly ornate for a rural mining camp cemetery. The first, and largest, reads:

Ahira B. Sorrels
 Born Aug. 16, 1839
 Died Dec. 6, 1907

The headstone is decorated with an elaborate scene carved into the rock, and includes such Victorian funerary imagery as opening gates beneath a curving arch, with a crowned cross beyond -- obviously, the gates of heaven opening to welcome the departed spirit.

In the same area are two other smaller graves, also rended in the same stone, with slightly less elaborate scrollwork:

Freddie Lee
 Son of A.B. and Melvina Sorrells
 Born Feb. 14, 1880
 Died June 5, 1885

Also this grave:

Bertie May
 Daughter of B. and Maude Sorrells
 Born Sept. 3, 1902
 Died Dec. 27, 1902

Any information is appreciated.

Alexander S. Williams 1810 to 1875

I need the parents names of William D. Green who died 19 May 1887 in Murfreesboro, Pike, Ark. Would any one have access to obituaries or other records that would give his parents names. Thank you,

Cindy Simmons

I have found out a little more about the Johnson children. Nettie Johnson married Ernest Quillin sometime between 1914 and 1924. I found them on the 1930 Clark Co. AR census, but the ages of marriage doesn't make sense, unless they were both married previously. Ernest is 47 and was married at age 39 so would have been married 8 years in 1930, or married about 1922.

Nettie is 43 on this census and was married at age 24, or married for 19 years. I think the enumerator made mistake and she was married at age 34 which would be about right. Nettie was actually born in March 1888 so correct age would have been 42. If they have been married for 8 years then she would have been married at age 34.

There are 4 children in household, oldest age 14, then 9, then twins 3 years 8 months. The two oldest children are probably Ernest's by a first wife. The twins, Nettie E. and Ernest Raymond are Nettie's.

I have not been able to find Ernest Quillin or Nettie in 1920 on any census under any name.

I found a marriage record for Annie B. Johnson to Silas Linson Ault on 12 Dec 1907 in Pike Co. AR, and found them on the 1920 census.

A Clark Co. researcher stated that Sarah T. Johnson married a Clarence Quillin before 1920 but I have not been able to find them in 1920 or 1930 in any state.

Edna Johnson married 1. Alpha Smith before 1920, then was married to a Davis by 1930.

If you can find the marriage dates for Nettie, Sarah and Edna it would be wonderful, however, my primary research is Nettie. She may have been married to someone else before she married Ernest Quillin in 1922, and she might possibly be my biological grandmother. What I haven't disclosed as yet, is my dad was adopted by Gallant Phillip and Katie Lee Thrash Coker in April 1914. I finally received the papers from the adoption agency and my dad's birth mother's name was Nettie Johnson who

would have been a grand niece of the James Darling Johnson that married Martha Coker. Martha was Gallant's Aunt. My dad's birth name was Raymond Johnson, father not named.

Would deeply appreciate any help here.

I am researching the Caldwell family that lived in Pike County between <1889> to 1907. I am unable to find the date of death for <Sarah> Caldwell who died between 1895 and 1899. I know that there never was a grave marker for her. She was supposed to be buried near Daisy. Would there be any burial records available? Also, since there is no 1890 census, I was wondering if there was any

state or county census taken in 1895 or later. Thanks for your time,
